

Fall & Early Winter Services

SEASONAL TREE & HOLIDAY SERVICES
YOU CAN COUNT ON.

Oak Tree Trimming

Fall and early winter can be a great time to address overgrown or damaged oak trees. Our professional tree trimming services help remove problem branches, improve the tree's overall appearance, and promote healthier growth. Whether your oak needs routine maintenance or has branches that need attention before winter, we can help keep your property safe and looking its best.

Holiday Lighting

Let Us Hang Your Christmas Lights!

Starting the **first week of November**, Arbor Care by Myers offers professional holiday lighting services to help bring your home or property to life for the Christmas season.

From hanging lights along your roofline to decorating trees and other areas of your property, we can handle the work so you can enjoy a beautifully decorated home without the hassle of getting on a ladder.

Get your holiday lighting scheduled early!

Tree Planting

Fall is an excellent time to add new trees to your property. With cooler temperatures and favorable growing conditions, newly planted trees can establish their roots before the demands of summer arrive. Whether you're replacing a tree or adding new shade and beauty to your landscape, we can help you choose and plant the right tree for your property.
